Bingham Canyon Open Pit Copper Mine

HumanOS public profile · resource · Record nhl-ut-bingham-canyon-open-pit-copper-mine

Mine

USGS lists the Salt Lake County mine as a source of copper-molybdenum ore. Its existing Field Atlas profile records the site’s landmark designation. [1] [2]

Upstream connections

Rio Tinto Kennecott · Operation · Documented. USGS identifies Kennecott as the operator of Bingham Canyon. [1] [2]

Downstream connections

Kennecott copper cathode · Provenance · Documented. The product sheet traces the Utah cathode to ore from Bingham Canyon. [3]
